Weller Pools has been a leading design and construction company with regards to highly acclaimed competition pools throughout the U.S. Dating back to the 1996 Atlanta Olympic Games, Weller Pools was chosen through a highly restricted pre-qualification process to construct the aquatic complex at Georgia Tech University. Weller Pools' attention to detail ensures that all competitive pools can and will be certified to the exact precision and dimension that are required for the facility. Many of Weller Pools' projects are and continue to be highly sought after for use by competitive organizations of all types. Weller Pools' design staff continually adapts and implements the newest design technology in order to keep up with the changing competitive swimming environment.

Since 1974, the name Weller Pools has been synonymous with excellence in commercial aquatic design and construction. Weller Pools is well qualified to provide design and construction expertise on all your project's aquatic features. From the structural design of water amenities to the creation of detailed mechanical designs for your pumping and filtration systems, Weller Pools' design staff is ready and able to assist your design team.

Our experienced project management staff can assist your team members in everything from the ongoing stages of project development to the refinement of budgets. We can aid you in virtually every step along the way to ensure the successful development of your project. Finally, when it's time to break ground, Weller Pools' seasoned field personnel will construct to your exacting specifications and will do so the first time.

With projects across the Caribbean and throughout the United States, our approach is quite simple. Excellence guaranteed. We guarantee our budgets, we guarantee our schedules and we guarantee quality construction.

WE GUARANTEE:

Our Budgets.
Our Schedules.
Quality Construction.

Your assistance through the design process with the client was extremely helpful in understanding pool systems and the possibilities available to us as a design firm and in assisting FGCU. The pool complex has exceeded their expectations and is an asset to the university as well as the community that it serves.
