

INTERNATIONAL PROJECTS

Weller Pools has been active in the Caribbean and the Bahamas for over 25 years, constructing large resort pools, water amenity playgrounds for all ages and complete themed water parks for luxury resorts from Grand Bahama Island to the island of Aruba!

Commencing with design, each project is unique. Our talented design team looks to implement the right equipment for the specific needs of the project and the environment it is set within.

Next, it is the responsibility of our seasoned Project Management Team to properly plan and schedule every aspect of the project to insure the success of your project.

Finally, our experienced construction crews are resourceful and well-versed at working in the remotest locations where the availability of labor, materials and construction equipment are limited and difficult to obtain.

Since 1974, the name Weller Pools has been synonymous with excellence in commercial aquatic design and construction. Weller Pools is well qualified to provide design and construction expertise on all your project's aquatic features. From the structural design of water amenities to the creation of detailed mechanical designs for your pumping and filtration systems, Weller Pools' design staff is ready and able to assist your design team.

Our experienced project management staff can assist your team members in everything from the ongoing stages of project development to the refinement of budgets. We can aid you in virtually every step along the way to ensure the successful development of your project. Finally, when it's time to break ground, Weller Pools' seasoned field personnel will construct to your exacting specifications and will do so the first time.

With projects across the Caribbean and throughout the United States, our approach is quite simple. Excellence guaranteed. We guarantee our budgets, we guarantee our schedules and we guarantee quality construction.

WE GUARANTEE:
Our Budgets.
Our Schedules.
Quality Construction.

Weller began and completed the work on time, with local labor and conditions. They had good coordination on delivery of materials overseas, even with changes during the submittal process and beyond. In the end, I believe the Owner was very satisfied with the final product and I would be happy to work with Weller on another project.
