

# MUNICIPAL

Weller Pools has been designing and building municipal facilities for cities and counties that desire the highest quality and best pricing available for each individual project. Municipalities often use facilities that are designed and built with taxpayers' money and that money is highly scrutinized. Weller Pools has been instrumental in developing and building the most economical and most utilized facilities for cities and counties alike. With tight budget constraints and a need for immediate revenue for continued operation, a properly built and properly utilized aquatic facility is crucial for continued success and community usage. Weller Pools' long history of designing and building such facilities allows municipalities to utilize our expertise with respect to proper layout for maximum usage along with specifying proper equipment for ease of maintenance.

Since 1974, the name Weller Pools has been synonymous with excellence in commercial aquatic design and construction. Weller Pools is well qualified to provide design and construction expertise on all your project's aquatic features. From the structural design of water amenities to the creation of detailed mechanical designs for your pumping and filtration systems, Weller Pools' design staff is ready and able to assist your design team.

Our experienced project management staff can assist your team members in everything from the ongoing stages of project development to the refinement of budgets. We can aid you in virtually every step along the way to ensure the successful development of your project. Finally, when it's time to break ground, Weller Pools' seasoned field personnel will construct to your exacting specifications and will do so the first time.

With projects across the Caribbean and throughout the United States, our approach is quite simple. Excellence guaranteed. We guarantee our budgets, we guarantee our schedules and we guarantee quality construction.

WE GUARANTEE:  
Our Budgets.  
Our Schedules.  
Quality Construction.

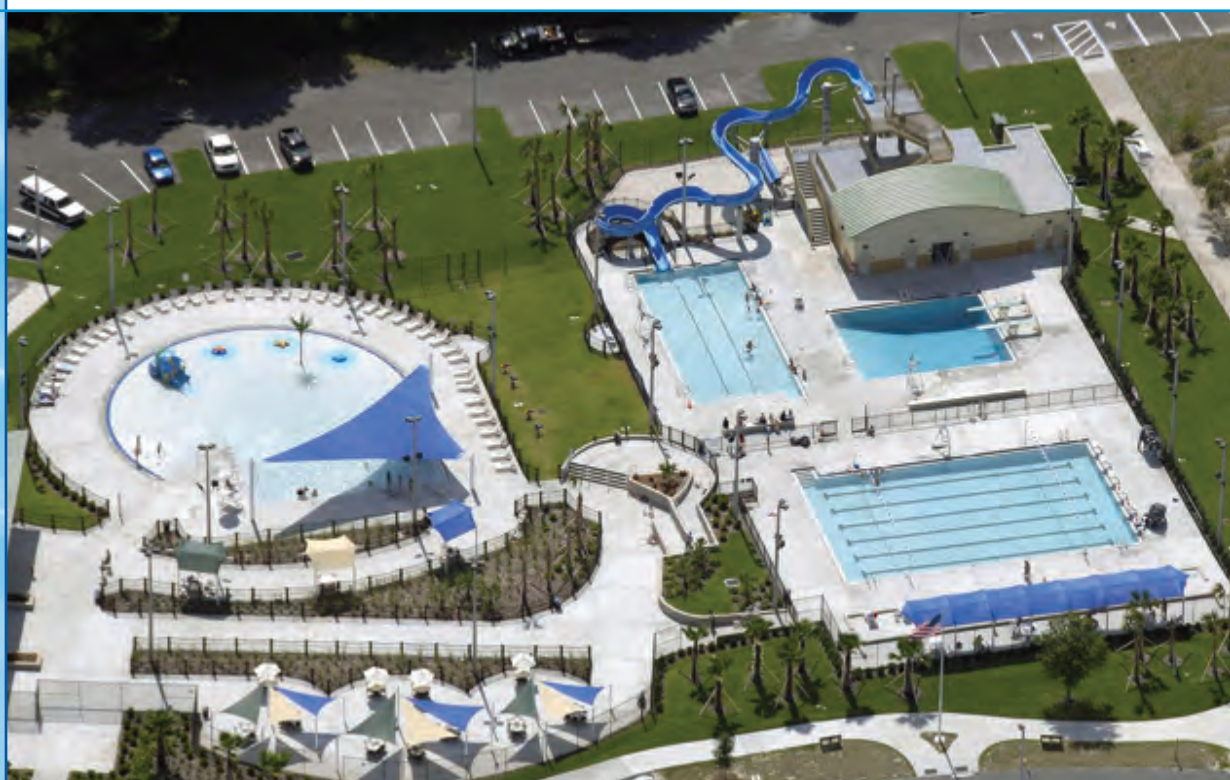

*The City of Panama City Beach would like to express its appreciation for the professional and timely manner in which our Aquatic Center pools were built.*

*The Aquatic Center is a beautiful asset to the City of Panama City Beach.*

Paul R. Casto  
Public Works Director  
City of Panama City Beach

*We always found you and your team to be true professionals, always willing to "go the extra mile" to do what needs to be done. Your experience and knowledge were especially helpful in the early project planning and budgeting stages.*

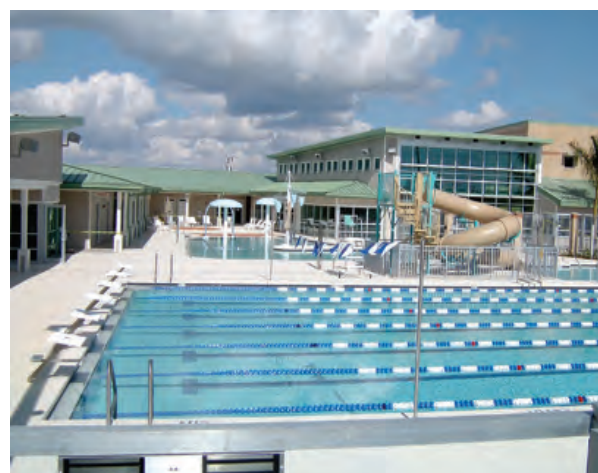

Bradley A. Smith, ASLA, AICP
